

2013 CHRISTMAS PARTY NEWS

We had so much fun this December. It ended with a bang with our big Christmas party for the hurting youths of the inner-city and the needy families. We had about 80 people join us in our celebration. We gave away over 500 gifts, which included 7 complete computer systems from our computer center. We played a bunch of games and the kids had lots of fun. Best of all, we saw some 35 souls commit their lives to Jesus after we told the true story of Christmas. That made a total of 49 souls that committed their lives to Christ in the month of December. The following are some great photos from the party featuring many wonderful and beautiful kids that shared their joy with us.

We were blessed to give 7 complete computer systems to needy families that came to the party.

It's said that up to 80% don't have fathers. They are being raised by single mothers or maybe have no parents at all.

We were so blessed to give away over 500 gifts to kids. This might of been the only Christmas gifts that they received..

Many got a \$5 McDonald's gift certificates inside a personalized Christmas card. They really love these.

Kids had such a great time playing musical chairs. The winners got a computer system donated from our computer center.

Many kids received a nice skateboard.

About 80 needy and, hurting kids showed up from the neighborhood.

From the Pastor's Corner

We're believing for a great expansion this coming year. We are having to look for a new building now. Please pray for us as we raise funds for this new ministry center building. We need a building large enough to house our computer training center in combination with our Technology From Heaven inventors club and our Sunday night street level church service. Going great with our teaching ministry entitled Unveiling Glory that teaches on having intimacy with Jesus and to walk in all that is provided for us in this present day. God bless you again and thank you so much for all your help and prayers.

Clayton and Leanne Golliher and the HFHY family.
